

WHAT THE MEMBERS SAY!

MEMBERSHIP:

“If you want to be surrounded by a “family” of dentists and their teams who will help you and your team get the most out of dentistry and improve the quality of your lives and the lives you touch, then join the Crown Council. I have personally gained more from the Crown Council than any other organization in dentistry. It has definitely been an EXTREME experience.”

MEMBERSHIP:

“We are so fortunate to have the Crown Council in our professional and personal lives. The generous spirit of comradery mixed with philanthropic vision and action inspires us to continue our quest for growth. We are intrigued and motivated by the Crown Council. We learn new ways to “frame” things and adapt to the ever present change in our profession.. We appreciate associating with our dental teams who are committed to similar values that we share and who can celebrate successes on many levels. There is not a spirit of envy, jealousy or competition at the Annual Events. There is rather a unique and uplifting energy that revitalizes us each time we attend. So often in our circles of acquaintances we feel we have to minimize our successes and it is so refreshing to experience applause and authentic recognition for accomplishments.”

ANNUAL EVENT

“For the past several years, Dr. Bill Dorfman has encouraged me to attend the Annual Event of the Crown Council saying it was one of dentistry’s finest moments. It was not until I finally attended the Event in Salt Lake City that I could fully understand his excitement and enthusiasm—I now get it!!! This Event not only made me a better dentist—it made me a better person, and I had a great time in the process. My attendance to the Crown Council Annual Event will be automatic from now on.”
